SUBJECT: PEDRO ALBIZU CAMPOS
INTERNAL SECURITY - PUERTO RICAN NATIONALIST

It is recommended that authority be obtained from the Attorney General to institute a technical surveillance (tesur) on the residence of Pedro Albizu Campos and the residence of his nurse located in an apartment contiguous with the subjects in the same building. The subject is the titular head of the Nationalist Party of Puerto Rico (NPPR). The apartment of the subject's nurse is being used on an emergency basis by those close to the subject, including active NPPR officials and members.

We have been advised that the subject's death is imminent and since informants have previously stated that the NPPR plans to foment assassination attempts and other violence at the time of subject's death, the San Juan Office has requested authority for the above-mentioned tesurs in order to obtain precise information as to the physical condition of the subject and, more important, to obtain possible plans of the NPPR regarding violence upon his death.

San Juan Office has assured that the installation at the subject's residence, 501 Juan J. Jimenez Street, Hato Rey, Puerto Rico, and the installation at the residence of subject's nurse at 504 Juan J. Jimenez Street, Hato Rey, Puerto Rico, can be accomplished with full security. No prosecution of the subject is possible since it appears that he is on his deathbed.

At the present time we have 51 investigative-type tesurs with 5 awaiting installation. Our limit on investigative-type tesurs is 75.

ACTION:

If you approve, the attached memorandum will be sent to the Attorney General to secure his authority for these tesurs.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: PEDRO ALBIZU CAMPOS
INTERNAL SECURITY - PUERTO RICAN NATIONALIST

Pedro Albizu Campos is the titular head of the Nationalist Party of Puerto Rico (NPPR), a revolutionary independence organization in Puerto Rico which advocates violence and has practiced same in order to achieve its ends. Informants have furnished information in the past that upon the subject's death, the NPPR plans to foment assassination attempts and other violence in Puerto Rico.

The subject has been in extremely bad health for several years and we have received information as of April 19, 1965, that he has received the last rites of his church and that death is imminent as a result of kidney failure and pneumonia.

A technical surveillance on his residence and the residence of his nurse which is being utilized on an emergency basis by those close to the subject is considered most desirable at this time in order to obtain precise information as to the physical condition of the subject and to obtain any plans on the part of the NPPR to foment assassination attempts and other acts of violence at the time of subject's death. It is anticipated that the technical surveillances will be removed in a matter of a few days after the subject dies.

In view of the above, it is requested that you authorize technical coverage on the subject's residence located at 501 Juan J. Jimenez Street, Hato Rey, Puerto Rico, and on the residence of subject's nurse at 504 Juan J. Jimenez Street, Hato Rey, Puerto Rico, which is contiguous with the subject's apartment.

Respectfully,
